Golden Variegated Hakone Grass

Perennial Plant of the Year 2009

Height: 12-18" Zone: 5 Blooms: late summer

Arching golden foliage are striped with green. Adds color to shade gardens

macra 'Beni-kaze'

Beni Kaze Japanese Forest Grass

Height: 12-18" Zone: 5 Blooms: late summer

Bright green foliage develops red tips in summer and gradually gains more red in late summer and into fall. Fall color is mix of reds, deep orange, and gold.

No. 1 container.....

HELICTOTRICHON

(Avena)

sempervirens

Blue Oat Grass

Height: 2-3' Zone: 5 Blooms: early summer

Very attractive thin, blue foliage. Prefers well drained soil.

No. 1 container.....

No. 2 container.....

IMPERATA

cylindrica var. rubra 'Red Baron'

Japanese Blood Grass

Height: 12-18" Zone: 5

Foliage starts green and turns bright red as it extends. Best color in full sun

No. 1 container.....

MISCANTHUS

sinensis

Maiden Grass

Height: 4-6' Zone: 4 Blooms: fall

One of the most used varieties of ornamental grass. Upright clump habit.

s. 'Adagio' (3-4') - Dwarf variety w/ silver gray foliage and white blooms

s. 'Gracillimus' (5-7') - Green foliage w/ late copper blooms. Useful in screening.

s. 'Little Zebra' (3-4') - Dwarf variety. Green foliage with yellow bands.

s. 'Morning Light' (4-5') - Narrow strip of white in the foliage. Reddish blooms.

s. 'Purpurascens' (Flame) (3-4') - Foliage turns a great red color in fall. White early blooms.

s. 'Rigoletto' (4-5') - Shorter, more compact variety of variegated maiden grass with wider foliage

s. 'Strictus' (Porcupine) (5-6') - Similar to Zebra grass, except more upright habit.

s. 'Variegatus' (Striped Eulalia) (5-6') - Green and white foliage. Reddish blooms.

s. 'Zebrinus' (Zebra) (6-8') - Yellow bands across green foliage. Loose, arching habit.

No. 2 container.....

hybrid

Tall Maiden Grass

Height: 9-10' Zone: 4 Blooms: fall

A Locust Grove selection. Very similar in appearance to *Miscanthus sinensis* 'Gracillimus' with the exception of height. The green foliage can reach 9-10'.

No. 3 container.....

MOLINIA

caerulea 'Dauerstrahl'

Purple Moor Grass

Height: 24-36" Zone: 4 Blooms: early - midsummer

Fountain like arching leaves stay low while airy blooms rise well above foliage.

No. 2 container.....

PANICUM**virgatum** **Native Switch Grass****Height:** 3-5' **Zone:** 2 **Blooms:** mid-late summer

Green foliage with sporadic red blades. Airy wheat colored plumes in summer.

Native prairie grass.

virgatum 'Heavy Metal' **Heavy Metal Blue Switch Grass****Height:** 4-5' **Zone:** 4 **Blooms:** mid-late summer

Powdery blue foliage. Stiff upright growth habit. Airy flower plumes form in summer.

Attractive fall color. Selected from native switch grass.

virgatum 'Hot Rod' **Hot Rod Switch Grass****Height:** 3-4' **Zone:** 4 **Blooms:** mid-late summer

Foliage emerges blue-green and quickly turns deep red. Reddish plumes in summer.

No. 1 container.....(Heavy Metal only).....**No. 2 container.....****PENNISETUM****alopecuroides** **Fountain Grass****Height:** various **Zone:** 5 **Blooms:** midsummer

Thin leaves form an arching mound. Flowers resemble a bottlebrush.

Tall Fountain Grass (4') - Arching leaves w/ light brown flowers**Dwarf Fountain Grass (Hameln) (30")** - Green foliage w/ light brown flowers**Black Fountain Grass (Moudry) (2')** - Wider, dark green foliage w/ black flowers**Karly Rose Fountain Grass (30")** - Rose purple flower spikes, darker foliage**No. 2 container.....****Little Bunny Grass (12")** - Dwarf variety, green foliage w/ brown flowers**No. 1 container.....****PHALARIS****arundinacea 'Picta'** **Ribbon Grass****Height:** 24-36" **Zone:** 4 **Blooms:** early summer

Bright green & white foliage. Tolerates many growing conditions. Native.

No. 1 container.....**SCHIZACHYRIUM****scoparium 'Carousel'** **Carousel Little Bluestem****Height:** 24-30" **Zone:** 3 **Blooms:** late summer-fall

Blue-green foliage with streaks of pink in the summer. Compact, rounded habit with upright stems. Great fall color. Tolerates poor soils. Native grass.

scoparium 'Standing Ovation' **Standing Ovation Little Bluestem****Height:** 2-4' **Zone:** 3 **Blooms:** late summer-fall

Blue foliage with red tips. Compact, upright habit. Nice red to orange fall color persists into winter months. Tolerates poor soils. Native.

scoparium 'Twilight Zone' **Twilight Zone Little Bluestem****Height:** 2-4' **Zone:** 3 **Blooms:** late summer-fall

Blue foliage with silvery-mauve accents in mid-summer. Bright purple highlights appear in fall. Tolerates poor-dry soils. Native.

No. 2 container.....

= full sun

= part sun/part shade

= full shade

SESLERIA

autumnalis

Autumn Moor Grass

Height: 9-12" Zone: 5 Blooms: Fall

Narrow yellowish green foliage with white inflorescens in late summer to fall.

Works well as a low growing mass planting.

No. 2 container.....

SORGHASTRUM

nutans

Indian Grass

Height: 3-5' Zone: 4 Blooms: Fall

Upright, blue-green foliage turns an attractive orange-yellow in fall. Upright plumes above foliage in late summer-fall. Native.

No. 2 container.....

VINES

CAMPSIS

radicans 'Flamenco'

Trumpet Vine

Zone: 4 Blooms: June - September

Red-orange trumpet flowers on a vigorous growing vine that can tolerate many soil types. Can become an aggressive grower. Native.

No. 3 container staked.....

CLEMATIS

hybrids

Clematis

Zone: 4 Blooms: June - September

Large flowers in a variety of colors. One of the nicest flowering vines

Bee's Jubilee - Creamy white flowers with broad pink stripe

Carnival - Blue-purple petals w/ lavender stripe

Duchess of Edinburgh - White flowers

Ernest Markham - Red flowers

Jackmanii - Dark bluish-purple flowers

Niobe - Ruby red flowers

Red Cardinal - Crimson red flowers

Sweet Autumn (paniculata) - Small, fragrant white flowers in fall

No. 2 container staked.....

HUMULUS

lupulus

Brewing Hops

Height: 20-30' Zone: 3 Blooms: late summer - fall

Fast growing vine. Flower cones are used in beer making. Vines die back and regrow from the crown. Grow in full sun w/ organic soil for best results

Cascade - Widely used in craft brewing. Citrus, spicy flavor and aroma.

Chinook - High alpha acid hop w/ a piney & spicy flavor

Columbus - Pleasant with pungent aroma

Northern Brewer - Medium pine and mint flavor and aroma

Nugget - Mild and pleasant with spicy, herbal tones

Willamette - Mild and pleasant with spicy and floral flavor and aroma

No. 1 container.....

HYDRANGEA**anomala ssp. Petiolaris****Climbing Hydrangea****Zone:** 4 **Blooms:** late June- July

White lace cap flowers w/ glossy green leaves. Climbs trellises, trees, or walls.

No. 2 container.....**No. 5 container**.....**LONICERA****heckrottii****Goldflame Honeysuckle Vine****Zone:** 4 **Blooms:** late spring-summer

Pink flowers with yellow & white in the center.

No. 3 container.....**VITIS****vinifera****Zone:** 5**Grape****Concord** - Deep blue-black fruit. Excellent for eating and juices**Fredonia** - Purple fruit, ripening about two weeks earlier than Concord**Niagra** - Hardy white grape used for juices and wine**No. 3 container**.....**WISTERIA****floribunda 'Betty Matthews'****Summer Cascade Wisteria****Zone:** 4 **Blooms:** June

Light purple flowers bloom on new growth in June. Grows well on a trellis or arbor.

caerulea

Honeyberry

Height: 6-8' Width: 6-10' Zone: 3

Haskaps

Edible berries are honey sweet, juicy, with a hint of tartness. Grown in conditions similar to blue berries, growth habit also similar to blue berry.

Cinderella - Medium size fruit, best eaten fresh, vigorous grower

Tundra - Large fruit, stores well, tolerates cold climate conditions

No. 2 container.....

tatarica 'Arnold Red'

Arnold's Red Honeysuckle

Height: 6-8' Width: 6-10' Zone: 3

Red flowers in May followed by bright red berries in summer.

No. 3 container.....

MAGNOLIA

x 'Ann'

Ann Magnolia

Height: 8-10' Width: 10' Zone: 4

Deep purple-red flowers in early spring. Large flowers emerge before leaves.

24-30" No. 5 container.....

x 'Jane'

Jane Magnolia

Height: 10-15' Width: 8-12' Zone: 4

Reddish purple flowers with white interior. Slower growing, shrub-like habit

18" No. 2 container.....

MICROBIOTA

decussata

Siberian (Russian) Cypress

Height: 12" Width: 3-4' Zone: 2

Low growing evergreen w/ arborvitae like foliage. Grows in full sun or full shade.

A good choice for bank plantings.

18" No. 3 container.....

NYSSA

sylvatica

Black Gum Tree

Height: 30-50' Width: 20-30' Zone: 4

Tupelo Tree

One of the best looking native trees. Works well as a specimen or as a street tree.

Slower growing. Attractive yellow, purple, and orange-scarlet fall color.

4' No. 3 container.....

PHILADELPHUS

coronarius

Sweet Mockorange

Height: 8' Width: 8' Zone: 4

Very fragrant white flowers bloom in late May to June.

24-30" No. 3 container.....

PHYSOCARPUS

opulifolius 'Donna May'

Little Devil Ninebark

Height: 3-4' Width: 3-4' Zone: 3

Deep burgandy foliage, more compact growing than other Ninebark requiring little pruning and maintenance. Disease resistant. White-pink flowers in June.

18" No. 3 container.....

opulifolius 'Jefam'

Amber Jubilee Ninebark

Height: 5-6' Width: 4' Zone: 2

Bronze, gold, and orange foliage all spring and summer. Red and purple fall color. White flowers bloom in spring.
